DISSENSION IN THE FIRE BOARD. FAMMANY AND ANTI-TAMMANY AT LOGGRE-HEADS-BACK PAY TROUBLE.

There is now no denying the fact that a dead ock exists between the two democratic members of the Board of Pire Commissioners, and it is doubtful if Tammany will soon receive any favor at the hands of the Commissioners. The Tammany Committee on Patronage waited on Commissioner Hatch on Monday last and desired to anow from him what course he intended pursuing relative to making changes in the department, and if he intended to work in harmony with Commissioner King. Mr. Hatch gave the committee to understand that he did not recognize their right to dictate to him. He was not appointed as a nmany man, but as an independent democrat. Mayor Wickham had requested his removal by the Governor, at the demand of Tammany, and he touid, therefore, act as he deemed most proper. mother fact he desired the committee to undertand, and that was that Mr. King could not walk into the Board as the dictator and mogul of Tam-

stand, and that was that Mr. King could not walk into the Board as the dictator and mogul of Tammany. The committee, it seems, af er fruitiess efforts to win over hatch, left in disgus,.

During the bast week Commissioner King has demanded the removal of certain cierks, &c., and has threatened to throw the whole blame of their retention in office before the public if the other members of the Board insist on keeping in position gambiing house "sweaters," laro bank dealers, &c. President Perley has taken issue that King, and threatens that if the latter dares to make a move in that direction he will retaliate on all the Tammany men in the department. Therefore to day there is likely to be a lively time at the regular meeting. Should Commissioner King take a bold stand he will force Hatch to take sides one way or the other. A revolution is proposed in the Combinstible department, and several chiefs of battailons were to be decapitated, but Chief Engineer Bates came to the rescue of his assistants, and induced the commission to make no changes. The pay of the firemen is an important matter that will occupy the attention of the Board to-day. An appeal is to be made to the insurance companies through Carlinies Norwood, President of the Lorillard Insurance Company, with whom Perley is a great invorite. He having for a long time from the department in the interest of the insurance companies, it is said there is no doubt but that they will advance the money for the men at a small percentage. Many of the firemen are in most depressed circumstances. One of the members of a down town company stated to a hiskald reporter that has the seem perfectly willing to pay a high percentage for their many longer, they stating that his bill was now double what it should be, and that they could not allowe the members of the department to sell their salaries to brokers since they broke soms twenty of the force for that cause assistant.

Commissioner Perley intende to make a public statement rejurive to the royally that he is alleged to

Some few days since Detectives Titus and fhompson arrested two men names James Ancerson and William F. Collins, airas William Bartlett, sharged with having committed a forgery in Philadelphia. While the whole party were descending the stairs of the New Court House Auderson broke away and ran a few yards, but he was knocked down with a pistol in the hands of Detective Titus, Deputy Sheriff hasson held ou to Collins, and boin prisoners were then conducted to Lud-low Street Jail.

Belloni, also a broker at No. 14 Wad street, with detrauding him of some \$75,000 while speculating in gold. Michael D'And, a partner of Nathan, is also implicated in the afficavit. THE PICKLE POISONING.

ALL THE PERSONS OUT OF DANGER-A DISPUTE AS TO WHO MANUFACTURED THE FICELES.

day, at No. 255 West Houston street, by enting pickles, was yesterday much improved. The Malone family, with the exception of the father, were all up and about the house. Mr. Malone when called upon was found sitting up, but he was very weak and will be unable to get out for several days. Mrs. King, Mary Molloy and Mary Murphy, who were also poisoned, are up, and attending to their nousehold duties. The Malone family report that there was only five cents worth of pickles purchased, and of them seven persons partook, consequently none of them ate a whole one, or the results would in all probability be much more dangerous. Considerable excitement was created in the neighborhood by the event, and the police of the Charles airest station, with the aid of Drs. Lassing and Petitean, instituted an investigation into the case. They claim that the pickles were purchased from a groceyman named Cronin, doing ousiness in a basement directly opposite Malone's house, and not at Fallon's, as stated in yesterday's papers. Malone's daughter declared to a reporter yesterday that it was at Cronin's she made the purchase. This Cronin desies, declaring that they were bought at Fallon's, which is a ryul establishment, and that the whole thing is a "put up job" to injure his trade. It having been reported that Cronin accured the pickles from a man named Reliey, in Clunton Market, the reporter sought Mr. Reliey, who admitted selling pickles to Cronin, but he declared that the lamily made the purchase at Fallon's. The police claim to have got at the cottom cates, for they selled all Cronin's pickles and removed them to the Charles street station house. They have not, however, selzed any of Relley's stock in the market, but probably are awaiting a more thorough analysis of those taken from Cronin. The neighbors yeport that Dr. Petitjean entered Cronin's place and asked Mrs. Cronin to discontinue the sale of the pickles. dangerous. Considerable excitement was created
